## A SURPRISING CASE.

Mr. Alex. W. Harris, a prominent lawyer at No. 1 05 G st. n. w , Weshington, D. C , under date of Jan. 11 h, 1890, wrote to the A. B. C. Chemical Co., Richmond, Va., giving the history of a case of skin eruption of 20 years' standing, the result of malignant blood disease. (At this time Mr. Harris had been unable to walk for six mouths ) In reply he was directed to use A. B. C. Alterative with the assurance that he would be March 1st, 1890 Mr. Harris again wrote the A. B. C. Chemical Co. in the following words: "The improvement in my case so far is almost miraculous. I am really getting wall, and can walk as well as I ever could, and my general health was never better. I sha'l write you from time to time. Meantime you can refer any one to me you desire, and I shall cortainly tell them that the A. B. C. Alterative has done me more good in two menths than has 20 years' experience with various eminent physicians and all other remedies tried." Under date of April 7th, 1890, Mr. Harris wrote, "I am entirely well."

### Railroad Accident.

Early yesterday morning an accident occurred on the Huntingdon and Broad Top division of the Penneylvania Railroad, in which two men were killed and a number of others badly injured: The accident occurred about one mile south of Man's Choice, about twenty-five miles from Cumberland. Two sections of a freight train were running close together. The first had just gotten to Man's Choice, and the second section was following about half a mile behind. The first section stopped to change engines just at the top of a heavy grade, and as the en-gine had left the train but a few seconds the train started back down the grade. The brakeman on the front of the train put his brakes down, but they were not sufficient to check the speed, It is supposed the flagman in the rear was asleep, as the engineer blew for brakes, but he did not respond. The train dashed down the grade and ran into the engine of the second section. The crash was terrific. The engine was upset, and the cars were emashed into splinters, and to add to the horror of the situation, the train caught fire, and the men imprison-ed in the wreck could be heard crying for help. Bert Little, aged about thirty-five years, who was riding on the engine at the time of the accident, was caught in the wreck, and his legs burned from his body, and his head and body were smashed be-yond recognition. Joseph Martin, a former brakeman, who was riding in the caboose of the runaway traic, was horribly scalded and hadly mashed. He lived a few hours after the accident. Hetrick Gross, the engineer, was caught under the engine and badly scalded. William Keyeer a flagman, was badly hurt, but not seriously.

THE NICARAGUA CANAL - Information concerning the progress of work on the Nicaragua Canal was given out yesterday. The contractor, C. P. Treat, has at the present moment at work on the canal a force of 500 men, and is pushing the work of construction and of deepening the harbor at Greytown with great vigor. The company has also in its employ and at work nearly 400 men and the force is being steadily increased. Every steamer going there takes from 75 to 100 more workmen from Jamuica. The Aguan, which sailed from New York to-day, took out a number of engineers and skilled mechanics, employes of the construction company. Vessels are departing continually for Greytown with supplies and material. Two are now on their way there and three are loading at different points; a steamer is loading in New York with rai road mate rial, equipment and stee! rails, construction machinery, boats, water pipe, material, sur-plies and provisions; a sailing vessel is load-ing at Wilmington, N. C., with railroad ties, piles and assorted lumber, and a steamer is loading at New Orleans with a similar cargo. The general health of the men is ex-cellent, very few of them being in the hor-pital, and they only for slight silments. Ti ere is no sickness whatever of any serious nature.

SNAKES -The Shenandoah Herald says Mr. Jacob Funk, jr., the champion snake killer of the country, has again got in his hand on the great enemy who has been an object of batred and detestation ever since the time when he played the principal part in driving our parents from Eden. On Monday of last week, while berding cattle on the high knob, opposite Elinburg, he killed what is commonly called in this country a bull snake that measured nine feet in try a bull snake that measured hine rest in length. It was light colored with dark spots, and was very large around the body. The bull snake, though horrid to look at, is not at all dangerous, being non-poisonous and of a sluggish nature. Mr. Funk's occupation, that of herding cattle in the mountain during the summer, brings him fremental in contact with snakes of all kinds. quently in contact with snakes of all kinds, and he has killed quite a number. Several years ago he killed a bull snake that was 11 feet long and as large around as an ordinary milk creck.

# Wake Up.

If you wake up in the morning with a bitter or bad taste in your mouth, Languor, Dull Headache, Despondency, Constipation, take Simmons Liver Regulator. It corrects the bilious stomach, sweetens the breath and cleanses the furred tongue. Children as well as adults sometimes eat something that does not digest well, producing Sour Stomach. Heartburn, Restlessness, or Sleeplessness—a good dose of Regulator will give relief. So perfectly harmless is this remedy that it can be taken by the youngest infant or the most delicate person without injury, no matter what the condition of the system may be. It can do no harm if it does no good, but its reputation for 40 years proves it never fails in doing good.
